P R E F A C E

The Kenya Periodicals Directory (KPD) is a listing of all serial titles published in Kenya. Foreign serials of relevance to Kenya, by subject or otherwise and periodicals produced locally by international and regional intergovernmental and private organizations based in Kenya are also included in the KPD.

The KPD lists serials and periodicals in classified subject sequence. Bibliographic data for the serials listed are based on the serials collection at Kenya National Library Service.

SCOPE

The definition of a serial adopted for KPD is the one given in the ISO Standard Serial Number ISO 3297, i.e.

A publication, in printed form or not, issued in successive parts usually having numerical or chronological designations and intended to be continued indefinitely. Serials include periodicals, newspapers, annuals (reports, yearbooks, directories, etc.), journals, memoirs, proceedings, transactions, etc. of societies, and monographic series.

It is recognised that certain categories of serials such as monographic series, yearbooks and directories are often treated differently from journals and other periodicals, and therefore what maybe regarded as a serial in one library is not handled as such in another. KPD includes all periodicals and most categories of serial Publications, with certain reservations, as described hereunder

- i) *Reports:* Administrative and research annual reports of organisations and learned societies are included.
- ii) *Monographic series:* Publishers series are excluded
- iii) *Limited interest:* Materials of ephemeral or narrowly sectional interest is normally excluded.
- iv) *Newspapers:* These are included, unless they fall under the "limited interest category.
- v) *Editions:* Works issued in successive editions are not normally regarded as serials.
- vi) *Yearbooks/Directories :* These are normally regarded as serials.

- vii) *Conference proceedings*: These are not regarded as serials except where they form part of an editorially independent serial publications with an individual title.
- viii) *Reprints*: These are not regarded as serial publications.

CONTENTS AND ARRANGEMENT

The main text of this directory comprises the following parts: classified subject sequence; combined author/title index providing multiple access points to the main entries in the classified subject sequence and a list of publishers (including their addresses) of the serials. There is no alphabetical subject index. Subject access is via the summary of the Dewey Decimal Classification, 20th Edition (100 Divisions) given in the preliminaries of the KPD. A typical KPD entry is made up of most of the following.

- i) Dewey Decimal Classification (20th Edition) number at top left hand corner.
- ii) Title and/or sponsoring body.
- iii) Place of publication, publisher and size details.
- iv) Frequency of publication, previous and subsequent titles and any other important notes concerning the title.
- v) Serial number at the bottom left hand corner.

FREQUENCY

The KPD is a bi-annual publication (issued once after every two years). However the current edition 1997-1999, which is the second issue of the serial, covers nine years. It was not possible to publish the serial bi-ennially as expected, due to unavoidable circumstances.

CATALOGUING AND CLASSIFICATION:

The main classified subject sequences entries are catalogued according to the Anglo-American Cataloguing Rules 2nd edition, 1978 and classified according to the 20th edition of the Dewey Decimal Classification (DDC) Scheme. Descriptive format follows the International Standard Bibliographic Description (ISBD).

FILING:

The indices are arranged alphabetically according to American Library Association (ALA) Rules for filling catalogue cards, 2nd edition, 1968.

PRICES:

Prices quoted in this KPD are those valid during the year of publication.

EDITORIAL MESSAGE

In 1985 the Kenya National Library Service published the first issue of the Kenya Periodicals Directory (1984,1985), The publication was intended to be biennial, however, due to circumstances beyond our control the publication went into dormancy until 1996 when 1986-1996 issues were published. The current issue covers serials in publication between 1997-1999.

It is our hope that the personnel working in libraries and information centres here and abroad will find directory most indispensable. The same applies to persons having an interest in published work from Kenya.

While every effort has been made to check on the accuracy of the records listed in this issue, the Kenya National Library Service regret any error or omissions.

ACKNOWLEDGEMENTS

Gratitude go to all those who participated in the preparation of this KPD. Foremost among them are the entire staff of National Reference and Bibliographic Department who worked tirelessly for the production of this edition. Special thanks go to publishers, Attorney-General's office, Director, KNLS and the KNLS Board for their encouragement and support endeavours in the fulfilment of this exercise.
